Water: its role in Cambridge lives

Tamsin Wimhurst

Mondays (5 weeks) 21 Mar – 25 Apr* • 4pm

Water is always in our lives in one form or another and is central to the history of any home, village, town or city. These sessions will start with a short talk looking at the history of the subject through the lives of the people of Cambridge – a city that has always had the river at the heart of it. We will focus on recalling memories of watery times: what can you remember about swimming, keeping clean and travelling by water?

Stories of young Americans in Britain during WW2

American Cemetery staff

Thursdays (6 weeks) 24 Mar – 28 Apr • 1pm

This year marks the 80th Anniversary of the arrival of US troops in the United Kingdom during WWII, known as Operation Bolero. The first soldiers to disembark did so at Dufferin Quay, Belfast, Northern Ireland. Between 1941-1946 nearly 3.5 million Americans passed through Britain, in what became known as The Friendly Invasion. They came from all walks of life, and all over America, in order to carry out diverse roles – who were they?

Crime Writing

Leigh Chambers

Thursdays (6 weeks) 24 Mar – 28 Apr • 2pm

Crime is the biggest selling genre of books, and who doesn't like a good mystery? Whether it's an Ann Cleeves Shetland whodunnit, a classic Ruth Rendell or an intriguing Agatha Christie cosy? In this series we'll be reading and discussing specific crime novels, following the clues and avoiding the red herrings, as well as looking at the bigger question of what makes a good puzzle and why we like to be challenged.
